If you're one who would like a garden with a purpose, theme gardens can be just what you're looking for. Whether you're planting a theme garden in the ground or in a container, you might have to do a little research first. Deciding what type of theme you want. Be it a butterfly garden, gourmet herb garden or a garden for your health, you'll need to decide what kinds of plants will work for that particular theme. Here is a few different themes to think about when deciding what one will be the right fit for you:

The Fragrant Herb Garden

Lemon Verbena, Lavender, Pineapple Sage, Bee Balm, Roses, Rosemary are just a few to choose.

The Butterfly Garden

Purple Cone Flower, Dwarf Blue Butterfly Bush, Anise Hyssops, Black-eyed Susan, Butterfly weed, Aster, Phlox, Coreopsis and Verbena.

Biblical Herb Garden

For herbs : Dill, Cumin, Bay Laurel, Chicory, Sage, Lemongrass, Mint, flowers graced the Bible's natural world, Violet, Delphinium , Hibiscus, Hollyhock and Lupines.
